eBooks for  
Computers  
and B/W Nooks

[www.fairfaxcounty.gov/library](http://www.fairfaxcounty.gov/library)

Fairfax County Public Library  
12000 Government Center Parkway  
Suite 324  
Fairfax, VA 22035

A Fairfax County, Va.,  
publication

To receive this information in alternative formats  
call 703-324-8380 or TTY 703-324-8365.

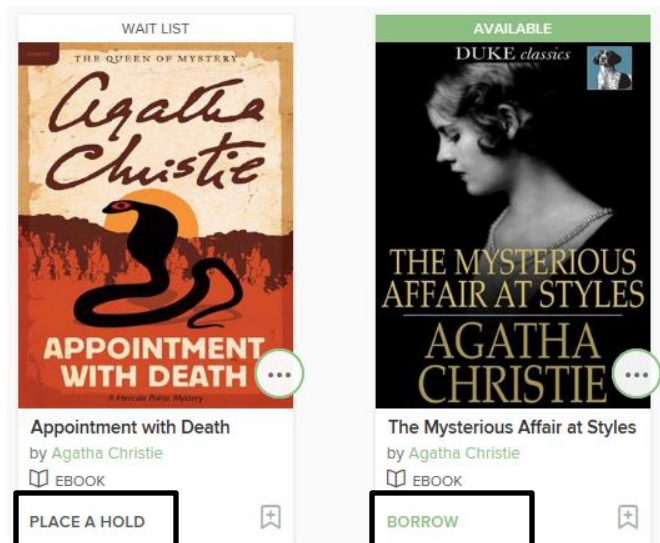

The process for searching, borrowing and downloading ebooks is the same for Nooks with black and white (B/W) screens and for reading on a computer. B/W Nook users will take the additional step of plugging their device into the computer and transferring titles to it. **NOTE:** Nook Tablet users should follow the instructions in the **OverDrive Mobile App** handout.

## What you will need to download the Library's OverDrive eBooks

- Valid FCPL library card
- Adobe Digital Editions installed on your home computer: <http://www.adobe.com/products/digitaleditions/>
- An Adobe ID, which can be obtained when you first open Adobe Digital Editions

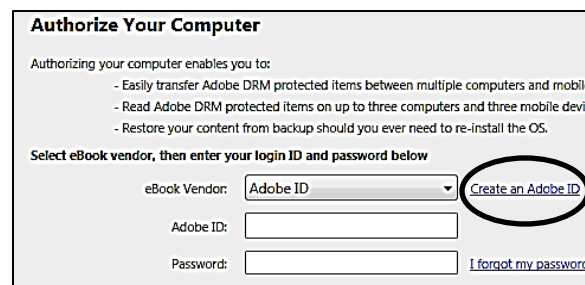

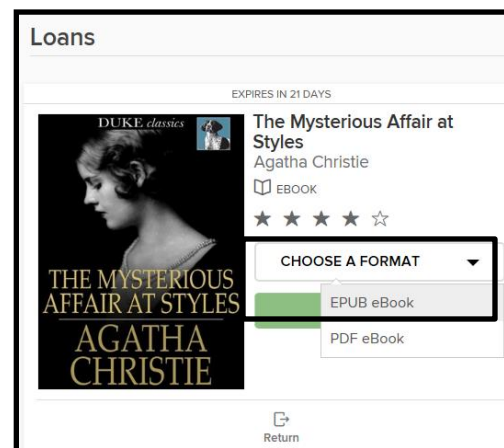

## Searching for and checking out eBooks

1. On a computer, go to Fairfax County Public Library's digital media catalog <http://fairfax.overdrive.com>.
2. Select **Sign In** located in the upper right corner, and enter your library card number and password.
3. Search for a title or author or tap the menu icon on the right to browse Subjects or Collections. Use **Advanced Search** for more options, or use the Filters to limit by availability or EPUB or PDF eBooks.
4. Select **Borrow** if the title is available.
5. Select **Place a Hold** if all of the digital copies are checked out. An email will be sent when the title becomes available.

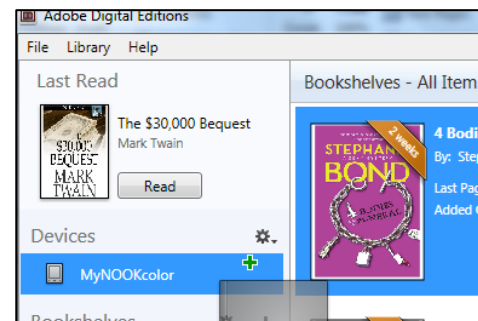

## Downloading an eBook

1. Select the book icon in the upper right to see your **Loans**.
2. Select **Choose a Format** for the item you want and choose either EPUB or PDF.
3. Select **Confirm** to use **Adobe Digital Editions**.
4. Select **Open** and the eBook will download to Adobe Digital Editions on your computer.
5. If this is the first time using Adobe Digital Editions, you will have to authorize your computer using your Adobe Digital ID. Select **Create an Adobe ID** if you do not have one.
6. The book downloaded to Adobe Digital Editions will open in reading mode to the book's cover.

## B/W Nook Users

1. Plug your Nook into your computer using a USB cable. Your Nook will appear in left column under **Devices**.
2. In the Library View within Adobe Digital Editions, click the cover of the book you want to transfer and drag it down to your Nook in the left corner.

**Return an eBook Early:** From the Library View within Adobe Digital Editions, right click on the cover of the book you wish to return and select **Return Borrowed Item**. If a title has not yet been downloaded, it may be returned from the **Loans** page of the OverDrive catalog.

**Renew an eBook:** The option to renew a title becomes available three days before the title is set to expire and appears under the title in your **Loans**. You can only use the renew feature once per title. If other users are waiting you can **Request** the title which places you into the waiting list.

**Suspend a Hold:** Holds may be Suspended in OverDrive using the **Options** drop-down on the Holds page of your account. They may be suspended for 7 day intervals up to 90 days, keeping you at the top of the list without expiration if you reach the top during the suspended period.

**Read eBooks in your Browser:** You may also choose to read titles in your computer's browser using the OverDrive Read format. The Overdrive Read format opens a title in your browser which may be read on or offline until the browser is closed. You may open a title using the Overdrive Read option as many times as you wish.

Note: Nook tablet users can download the OverDrive mobile app to access EPUB eBooks and MP3 eAudiobooks. Please refer to the OverDrive app handout for detailed instructions.
